Unit 5 PRONOUNS

Lesson 42: Using *I* and *Me*, *We* and *Us* (pp. 188–191)

Remember

The pronoun *I* is a subject pronoun. Use *I* as the subject of a sentence. The pronoun *me* is an object pronoun. Use *me* as a direct object or as the object of a preposition. When you speak or write about yourself and another person, always name the other person first. Use the rules above to help you decide which pronoun to use. Sometimes a noun is used with *we* or *us* to make clear whom you are talking about. Use *we* with noun subjects. Use *us* with a direct object or the object of a preposition.

Write the word or words in parentheses that correctly complete each sentence.
