Last night, I and my brother watched the first half of a special program on animals. The program gave amazing facts about the animals. Here are some of the facts.

A baby bird inside their shell has an egg tooth. The baby bird uses the tooth to peck open the shell. It lose the tooth in the first few weeks after it hatches.

An elephant can move as fast as 25 miles an hour. A giraffe hurries along at a speed of 30 miles an hour. A lion runs at 50 miles an hour. These big animals are incredible. They moves quickly for its size. Theyre just amazing to watch!

My brother and me also learned about whales. Whales can sing. Its songs can be heard for miles under the water. Whales can also leap. They leaps out of the water to send messages to other whales. These facts about whales surprised my brother and I the most.

Its almost time for the second part of the program. I'll tell my brother. Hel'l want to watch.
